

Sneak Preview!

**Travel with expert guide
Captain Kevin Smith,
and master principles of
reasoning needed to make
“mission critical decisions”
for a lifetime.**

CRITICAL THINKING

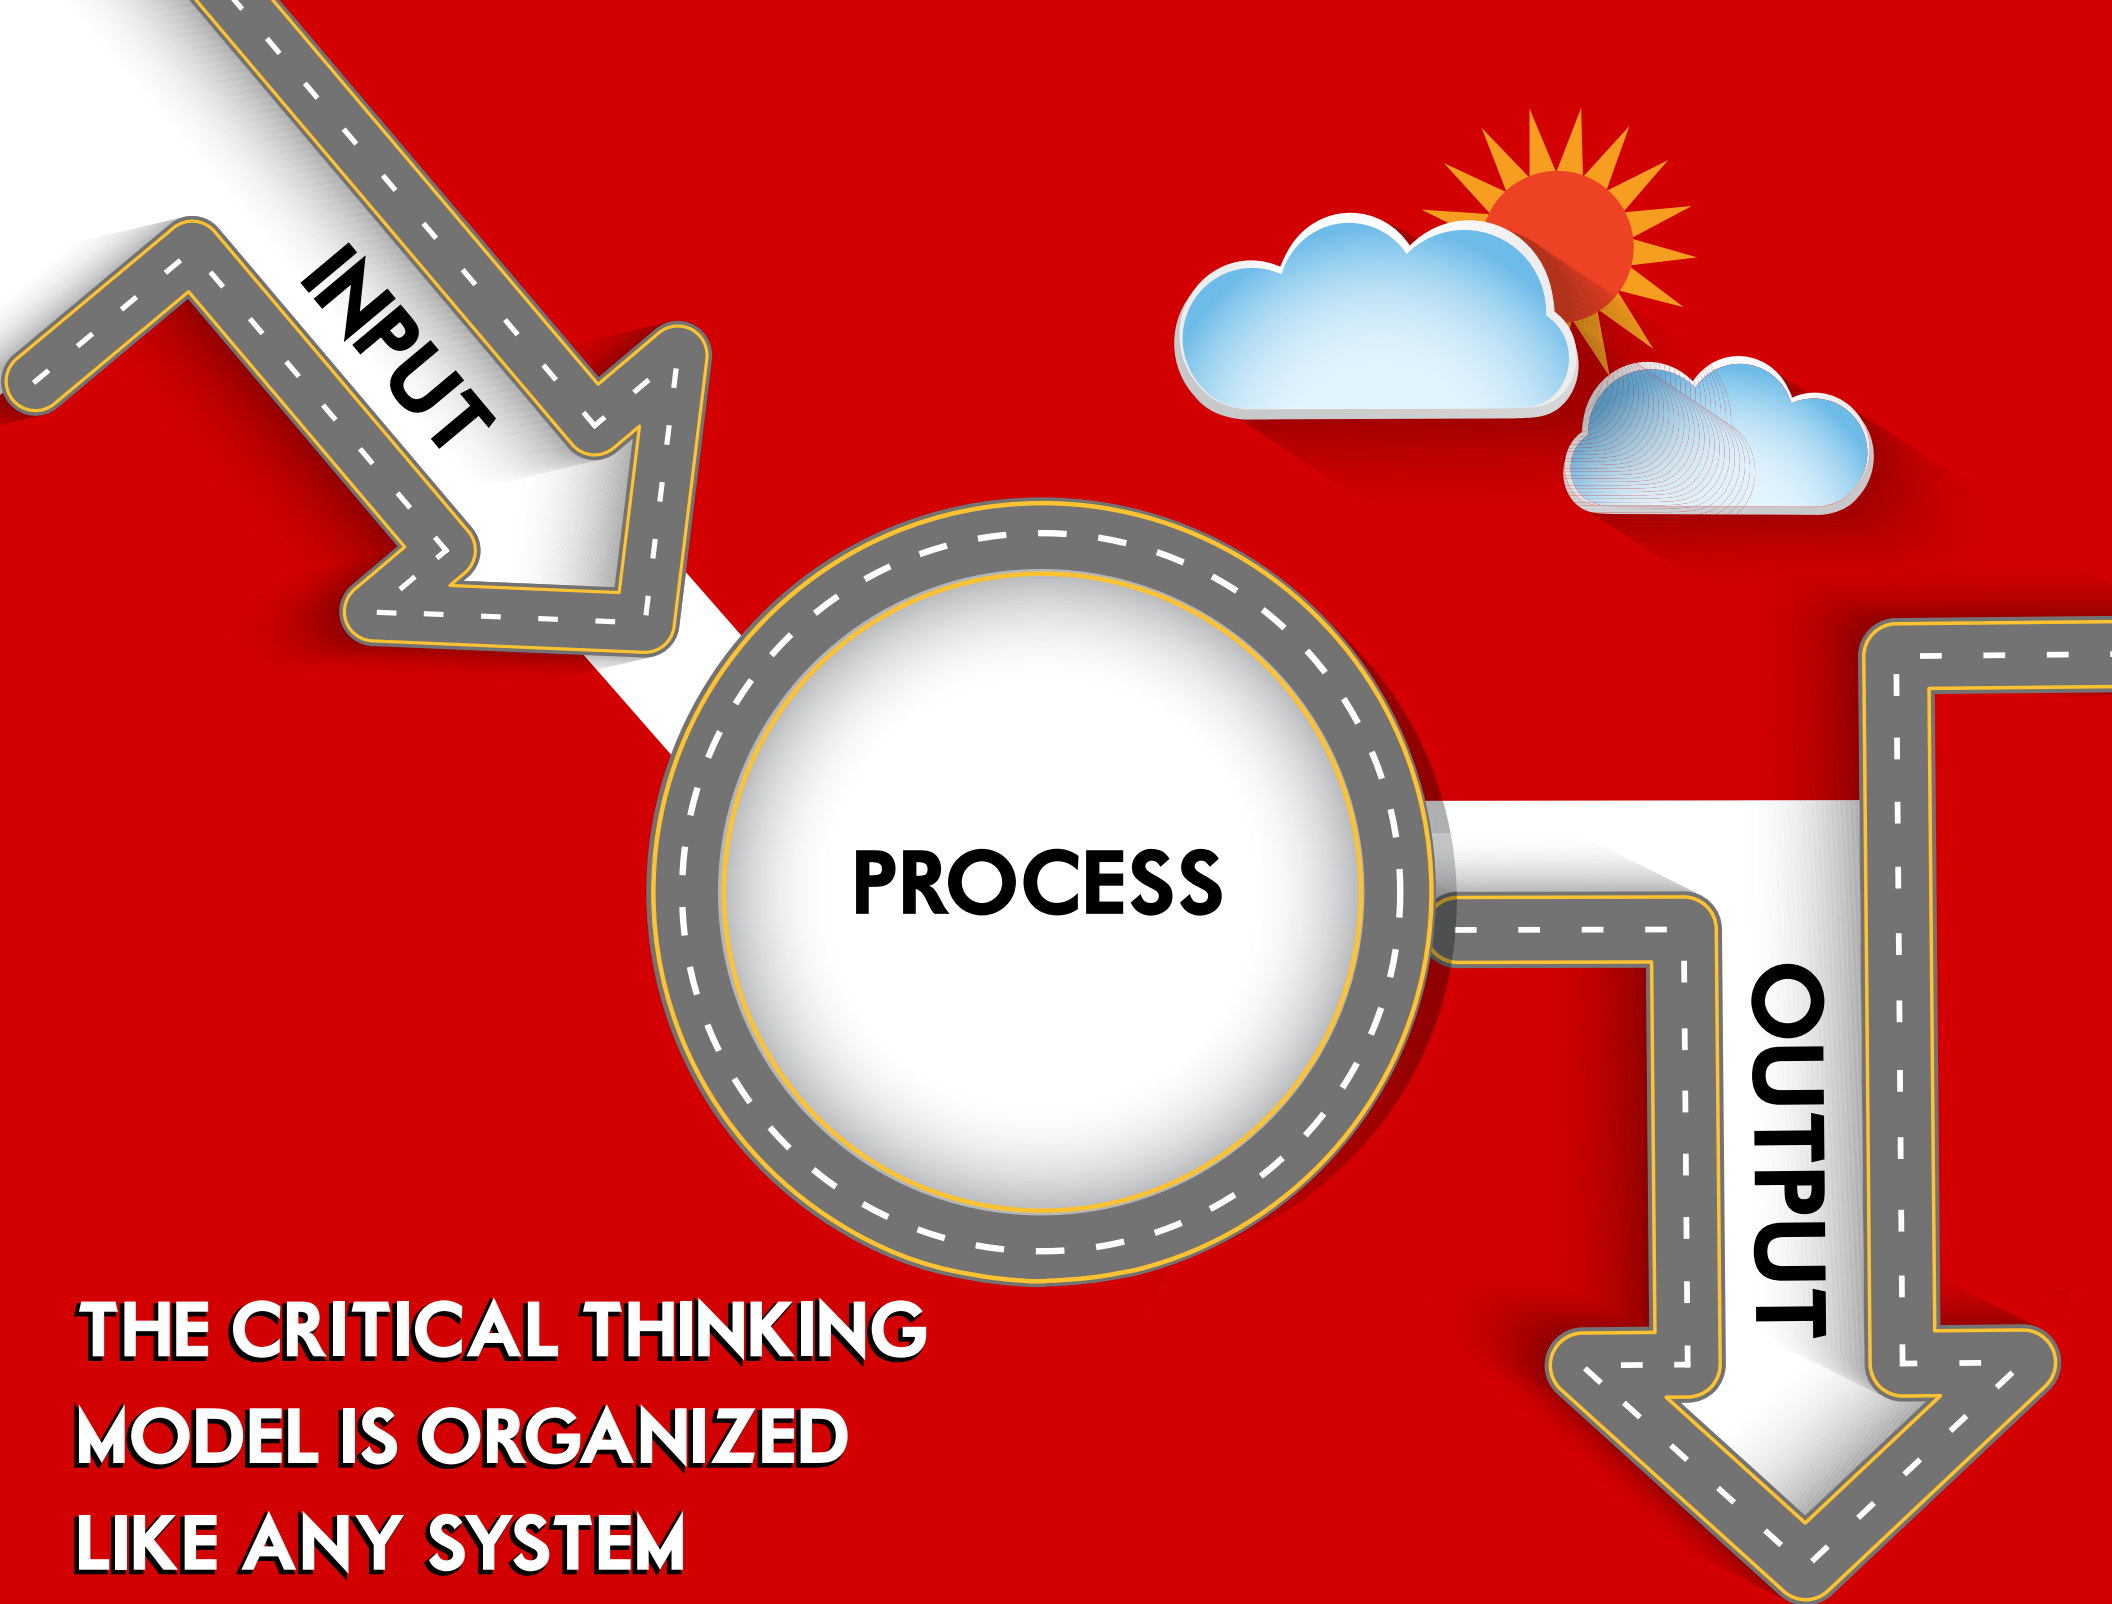

*is a skill that can be learned,
lends itself to practice, and when
used with intent will
produce amazing results.*

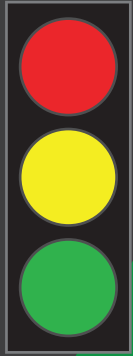

CLARIFY → *the actual*
employ → **REASON**
perform with precision...and
WIN

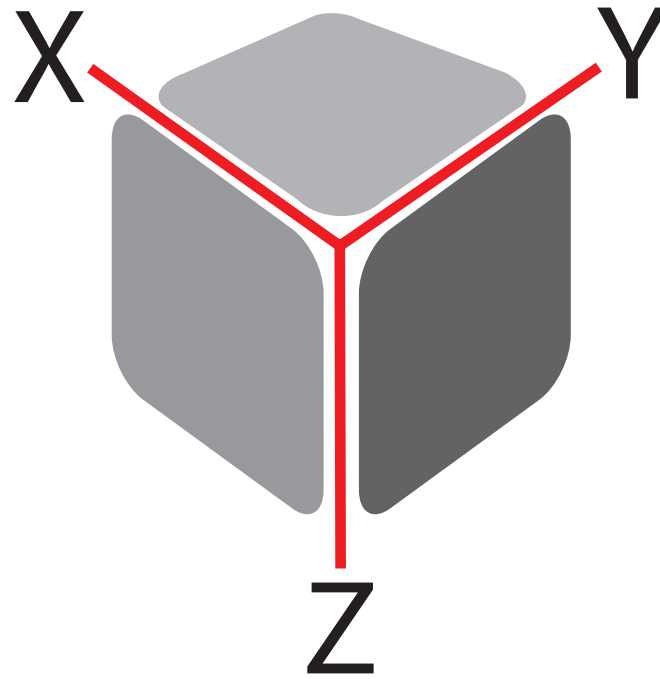

**THE CRITICAL THINKING
MODEL IS ORGANIZED
LIKE ANY SYSTEM**

THE ZONE OF ASSURED SUCCESS

IS BASED ON ANALYSIS
NOT OPINION

when implemented it

**corrects the most common
and persistent problems
associated with errors
of judgment and choice**

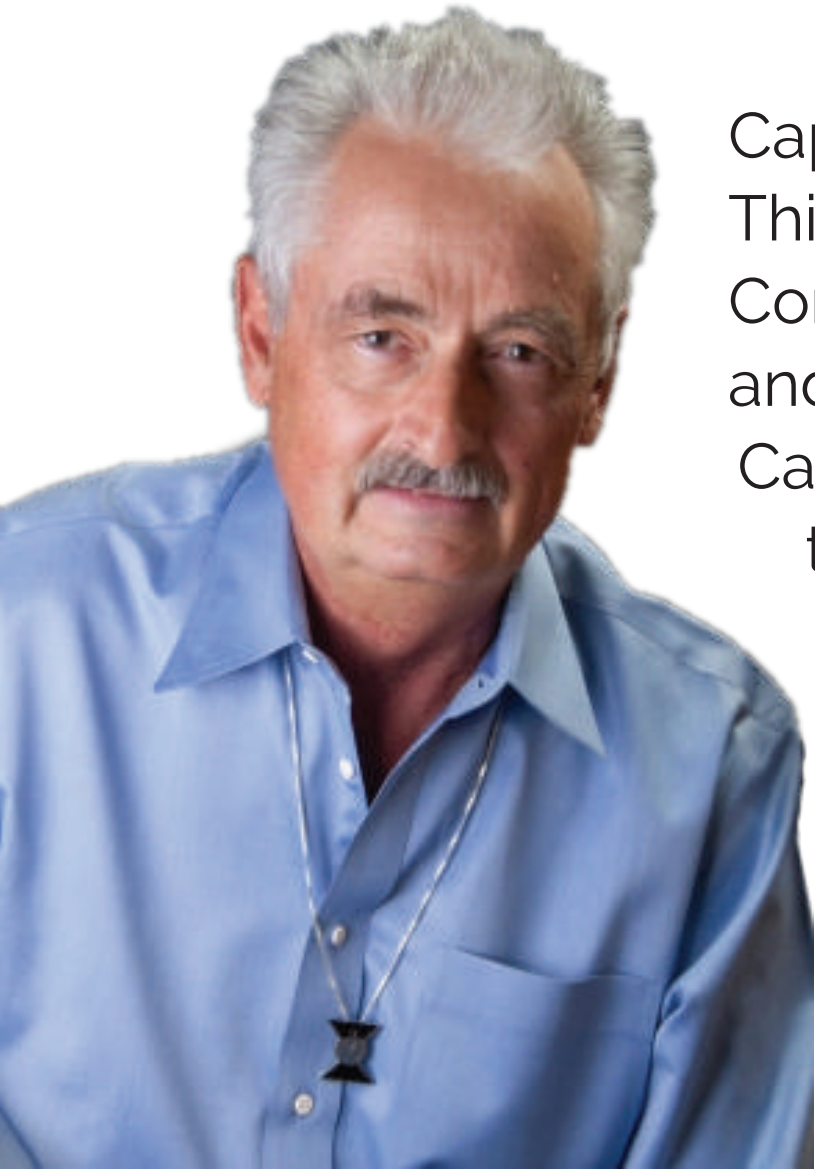

CAPTAIN KEVIN M. SMITH

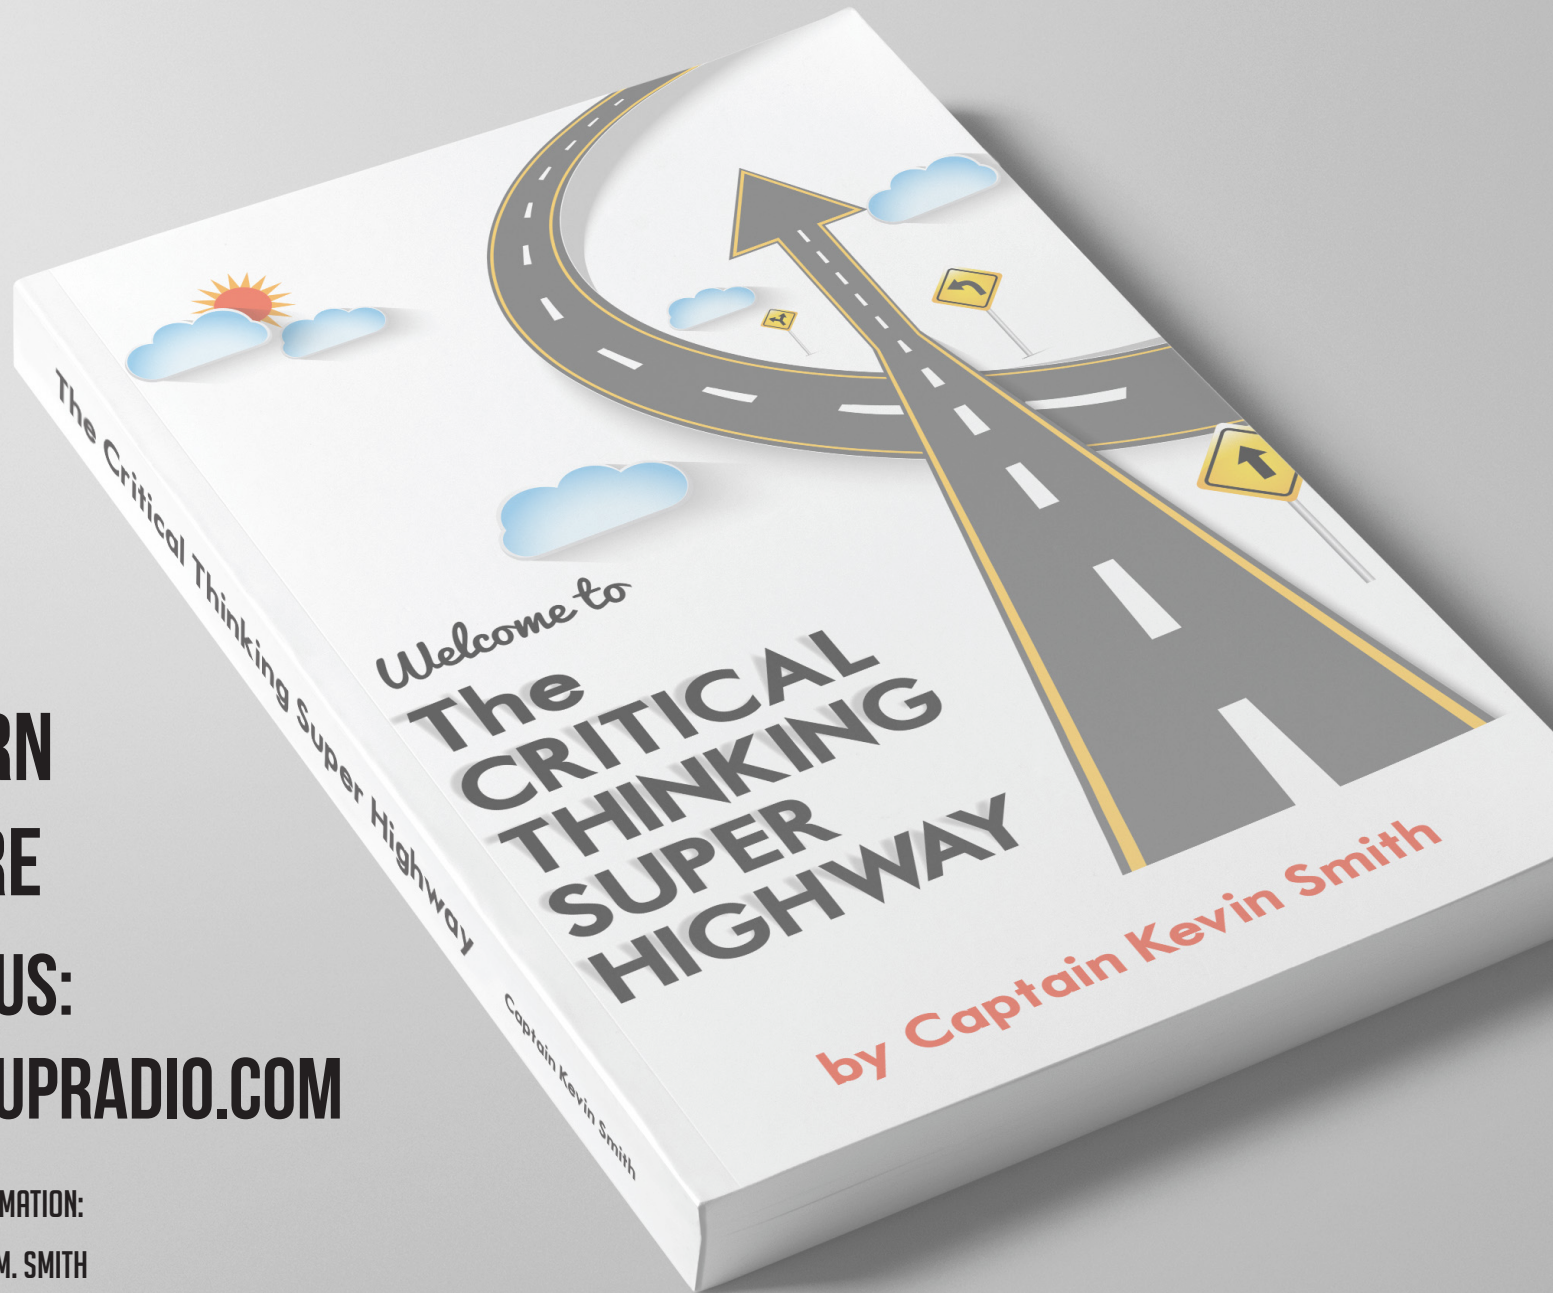

U.S. NAVY (RET.)

AUTHOR/SPEAKER

EXPERT IN CRITICAL THINKING

Captain Smith has developed a Critical Thinking Model for Air Combat Operations, Commercial Airline Operations and business and personal applications. As an aviator, Captain Smith was the first to develop training programs to improve the critical thinking of airline pilots. Captain Smith also performed pioneering work in the field of Operational Decision Theory. His extensive published works includes numerous articles, book chapters, books, handbooks and tutorials.
